

Pornthep Achatsachat (Lookchin)

Senior Product Designer (UX/UI)

Bangkok, Thailand, 0838339168, p.achatsachat@gmail.com • [linkedin.com/in/lookchin](https://www.linkedin.com/in/lookchin) • [Portfolio Link](#)

PROFESSIONAL SUMMARY

Senior Product Designer (UX/UI) with 8 years of experience designing complex digital products across fintech, developer tools, enterprise workflows, and data platforms. Strong in end-to-end product design, stakeholder alignment, and turning technical complexity into usable systems.

CORE SKILLS

Product Design: User flows, information architecture, interaction design, high-fidelity UI, prototyping, usability testing

Research & Discovery: User interviews, workflow mapping, contextual inquiry, heuristic evaluation, product discovery

Systems & Delivery: Design systems, design tokens, component libraries, acceptance testing, Agile/Scrum

Business Contexts: Enterprise workflows, B2B SaaS, fintech, developer tools, blockchain, data platforms

Leadership: Stakeholder alignment, workshop facilitation, design reviews, mentoring, hiring and onboarding

Tools: Figma, Power BI, Tableau

PROFESSIONAL EXPERIENCE

Senior UX/UI Designer - IBM Digital Talent for Business

2025 - Present

- **Led design** for OBS Cambodia and Krungthai Government projects, defining the **banking experience for over 10,000 organizations**. Adapted the Krungthai Business framework to handle complex cross-border needs and **secured executive approval** for the product roadmap.
- Ran end-to-end research on Krungthai's incident management workflow, identifying manual bottlenecks and delivering a strategic roadmap for process improvement and AI-enabled automation opportunities.

Senior UX/UI Designer - Initia Labs (Formerly Alles Labs as **Lead Designer**)

2022 - 2025

- Designed **Celatone** from 0 to launch, a smart-contract developer tool and block explorer now used by **100,000 active users**; usability testing showed **94% task completion** and **4.48/5 satisfaction**, and the product became the default explorer across **15 networks** before being acquired by Initia Labs.
- Shipped **InitiaScan** for Initia's MOVE-based blockchain in **2 months**, delivering a production-ready explorer under a compressed timeline and validating early user satisfaction through launch testing.
- Built and maintained an atomic design system including component libraries and design tokens, improving consistency, onboarding speed, and developer handoff across the product suite.

Senior Product Designer - RentSpree

2021

- Owned UX/UI for the **Rent Payment** experience across desktop and mobile, leading high-fidelity prototyping, sprint integration, and acceptance testing through delivery.
- Improved team design rigor by introducing design review practices and recommending structural improvements to support better collaboration and execution.

UX/UI Designer - Backyard

2018 - 2021

- **Led end-to-end UX/UI for Ladder and Markr**, designing workflows for NLP analytics and data annotation products in **technically complex environments**.
- **Partnered with data scientists to translate Thai-language tokenization complexity into usable product experiences**.

TEACHING, SPEAKING & WRITING

- Course Instructor, Upskill UX - author of *"Comprehensive Usability Toolkit"*; student ratings of **9.8 / 9.6 / 9.4 out of 10** across content, teaching style, and materials.
- Speaker at UX Day: Go with the Flow (S2) and multiple panels on UX interviewing, career progression, and usability.
- Author on Medium (@lookchin); UX Thailand community article reached **1,600+ shares**.

EDUCATION & CERTIFICATIONS

Education: Chulalongkorn University, Bachelor of Computer Engineering. (2018)

Certifications: Google UX Design Specialization, Interaction Design Foundation, Uxcel

Languages: Thai (Native), English (Professional Working Proficiency)
